Sterling never wears out or goes out of style... it grows those beautiful and gives more and more pleasure as you own and use it through the years. It is a practical luxury. It can be used for any family or party occasion, from casual the most elegant formal dinners. Sterling is not meant to be locked away for "special occasions"... it grown mellower and richer appearing as it is used again and again. Use sterling exclusively... you will never need any other flatware.
